ALBERTA . . .

Province Of Resources

ENERGY RESOURCES

86% of Canada's oil reserves.
80% of Canada's natural gas.
48% of Canada's coal.
Ample hydro-electrical power.

MARKET RESOURCES

Alberta, staging point for the developing Canadian North is also the focus of a 6-million consumer market area from the 'Great Lakes to Vancouver Island. These markets are served by Alberta's air, rail and highway transportation facilities, including:

- 39 licensed airports
- 6 regular airlines.
- 5 railway companies.
- 94,235 miles of highways.
- 2,770 miles of navigable water.

NATURAL RESOURCES

97% of Canada's elemental sulphur production.

Salt.	Clays and Shales.
Silica Sand.	Bentonite.
Limestone.	Gypsum.
Iron ore.	

47 million acres of occupied farm lands.
63 million acres of productive forest land.

HUMAN RESOURCES

Trained scientists, technicians, executives.
A labor force of 550,000.
An apprenticeship training program.
Alberta has: No riots, no violent industrial upheavals, an enviable history of peaceful labor relations. A healthy climate. Fine educational facilities. Pure air and water. No sales tax.

CALGARY

IS WESTERN CANADA'S DISTRIBUTION CENTRE

WITH LOWEST COST PER-TON-MILE

Planning to build a plant in Western Canada and distribute your products from the Lakehead to the Pacific and the U.S. to the Arctic? Then Calgary has more to offer.

CALGARY has the lowest cost-per-ton mile for distribution of goods to the Western Canadian market.* We offer the most **direct** route to Vancouver with the **shortest** running time.

CALGARY is at the junction of the Trans-Canada Highway and Number Two Highway connecting the U.S.A. to Canada's booming north country.

CALGARY is on the main line of the Canadian Pacific Railway and is served by the Canadian National Railway.

CALGARY'S International Airport is one of the busiest in Canada and is served by Air Canada, Canadian Pacific Airlines, Pacific Western, Western Airlines and Air West.

CALGARY is served by all major trucking companies in Canada, with direct service and inter-line service to any point in North America. (More than 2,000 per day operate into and out of the city.)

CALGARY has kept pace with the phenomenal growth of the Western Canadian market and has planned ahead to provide the facilities to service it. The CPR completed construction in 1970 of their new, fully automated and computerized Alyth freight yard — in anticipation of an 80% increase in freight car movement by 1975. During 1970 75 new plants and warehouses were built in the city. Cargo and passenger facilities at the Calgary International Airport have been expanded to accommodate the 25% yearly increase in traffic.

More facts? We have them! Write or telephone us and we'll provide fast, detailed and confidential information that will help you. And if you would like to receive our informative monthly news letter "Onward Calgary" please mention it. Write or telephone Ken Ford, Director of Industrial Development, City of Calgary, Alberta, Canada. Telephone 403/269-0222.

**Based on general merchandise truck rates to Vancouver, Edmonton, Saskatoon, Regina, Winnipeg.*

Your
Guide
to Manitoba
Manufacturers**

The 1970~71 Manitoba Trade Directory

It's a book no businessman can afford to be without. Detailed and concise, it puts alphabetically at your fingertips any Manitoba manufacturer (complete with products, addresses, branches, telephone numbers, officers and number of employees) . . . any product made in Manitoba (complete with the firm that makes it) . . . and Manitoba wholesalers (with product, address, branch, telephone number and officers) . . . products distributed by Manitoba wholesalers (with the names of the firms distributing them).

For your copy of the 1970-71 Manitoba Trade Directory, write:

The business card that means business.

Last year Ontario's exports totalled a record \$6,800 million. Or nearly half the national export total. We expect this year's figure will be even higher.

Nice money. Can we cut you in?

Right now we have a bulging file of export opportunities all over the world. Nice, money-making opportunities.

Our international trade shows, foreign sales missions and other activities have brought home over \$250 million in initial sales alone.

Just last year we helped 123 Ontario companies arrange exhibits at 22 international fairs and 188 companies joined us in government-sponsored sales missions to more than 20 countries.

Result: initial sales of over \$26 million. And there's more where that came from.

If you want to get into the action, study the export potential of your products and manufacturing capa-

bilities. And talk to our exports experts. (There are other ways you can help yourself — and Canada, too. For instance, next time you buy components check the price and quality of Canadian-made parts first — you may be pleasantly surprised.)

Some other things we do:

Last year we undertook 467 marketing studies to help Ontario companies establish or expand manufacturing facilities. 414 manufacturing plants in Ontario expanded. Another 144 Ontario companies completed licensing arrangements with Canadian and foreign firms to manufacture new products or adopt new processes. We also issued bulletins listing over 800 manufacturing opportunities at home and abroad.

We have men in New York, Chicago, Los Angeles, Cleveland, Boston, Atlanta, Minneapolis, London, Frankfurt, Milan, Stockholm,

Vienna, Tokyo and Brussels with first-hand knowledge of the local scene.

So you see we mean business. And you have our card.

Now let's have yours. Today.

Government of Ontario
We mean business.

Executive Director, Trade and Industry Division,
Suite No. 404, Department of Trade and Development,
950 Yonge Street, Toronto 5, Ontario, Canada.

ONTARIO

Estimated population (June 1, 1970) 7,637,000

HARBOUR COMMISSIONERS
HAMILTON • CANADA

fast &
firm ...

products
of our
personalized
service!

THE PORT* OF HAMILTON CANADA

Judged by the Port of Hamilton's standards, fast-action efficiency is more than a matter of the facilities to handle a vast volume of cargo tonnage . . . It is the *personalized* interest in meeting the requirements of every *individual* shipment! If all you need is extra fast documentation and trans-shipment, tell us and you'll get it. Or perhaps your cargo needs specialized handling involving warehousing facilities, packaging, co-ordinated trucking schedules and other integrated services . . . Or it could even be you need site development land near seaway draft berths . . . Whatever the problem, you may be sure that our personalized service will come up with a practical and economical answer based on our low-cost rate structure. Complete information available from the Port's Trade Development Manager.

*A seaway port over 1500 miles inside Canada serving 54% of Ontario's population within a 75 mile radius.

he
grew up
with work

He's well educated. He's no stranger to hard work. Work is an attitude, strongly influenced by his farm background.

Pride of accomplishment, responsibility and loyalty are part of his makeup.

The trend to larger farm units has transplanted him and hundreds more like him to our city. And we want to keep them here.

We want to talk to the manufacturer. The assembler.

We have the labour, the space, and the federal incentives. When you talk to us, you'll be talking to people, not a bureaucracy. So if there's something we haven't thought of, we'll listen.

Call us. We'll come and see you.
Or we'll invite you to Regina.

GUIDE TO CLASSIFIED LIST OF PRODUCTS

★ THE METHOD OF INDEXING the material on the succeeding pages is that by which the most important word in headings is generally placed first. The arrangement then proceeds in the proper alphabetical order. In the majority of cases it will be found that the noun or main name comes first, *i.e.*—Furniture, office; Hardware, builders'; Leather, boot and shoe upper, etc. This allows the grouping of all similar articles close together. In other cases, where the inversion seems unnatural, the headings have been listed as they run—Air Appliances; Fire Escapes, etc. In all cases we have endeavored to use the names most commonly known. Cross references have been supplied where two or more names are used to describe the same article. For the complete list of headings and cross references please refer to the Index of Products which begins on page 2 of Section F.

Street addresses of the firms listed in the classified section are shown in the alphabetical list of names (Section B) immediately preceding the Geographical Section.

Attention is also called to the French Index of articles which follows the Product Index in Section F. In limited editions a Spanish Index appears instead of the French Index.

Firms before whose name an asterisk appears are engaged or seriously interested in Export Trade.

We shall be glad to have the opportunity of giving additional information to any manufacturer or user of the *Canadian Trade Index*. No charge is made for this service.
